

## Annex 5: eHealth Monitoring Systems for possible application in large-scale oral rabies vaccination programmes

Version 1, July 2023

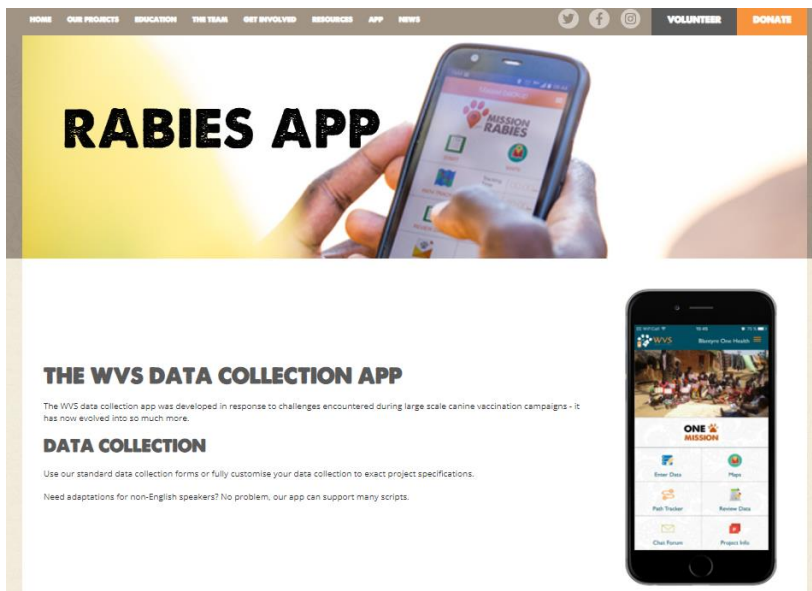

This document is an annex to the ‘Oral vaccination of dogs against rabies: Recommendations for field application and integration into dog rabies control programmes’ document published by FAO, WHO and WOA in 2023.

### Epicollect5 (<https://five.epicollect.net>)

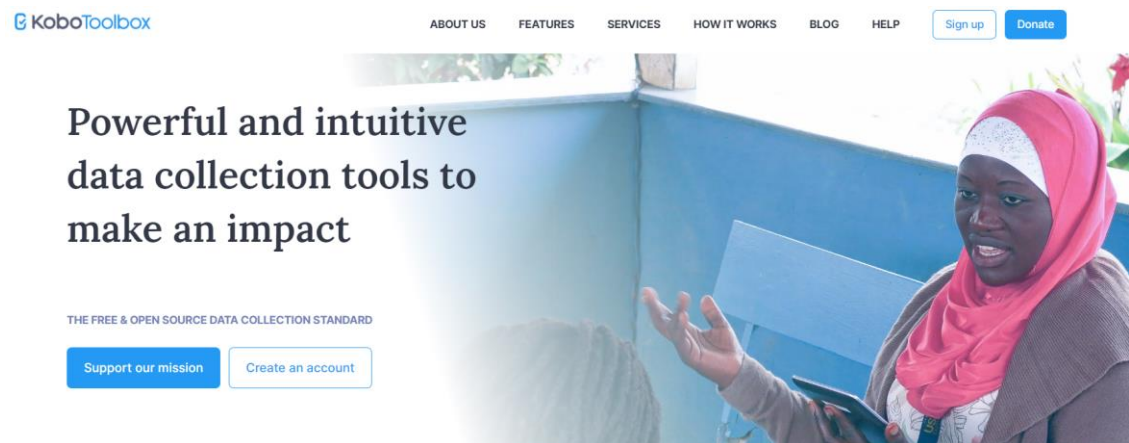

The screenshot shows the Epicollect5 website. At the top left is the 'epicollect5' logo. To the right are links for 'Find Project', 'User Guide', and 'Login'. Below the navigation is the text 'Free and easy-to-use mobile data-gathering platform.' and 'Available on' with Android and Apple icons. A yellow banner reads 'Try our new (beta) app for Android & iOS'. Below this are three columns of images: a laptop showing a project form, a smartphone and tablet showing data collection screens, and a laptop showing a map. Each column has a 'TELL ME MORE' button.

### Worldwide Veterinary Service data collection app (<https://missionrabies.com/app/>)

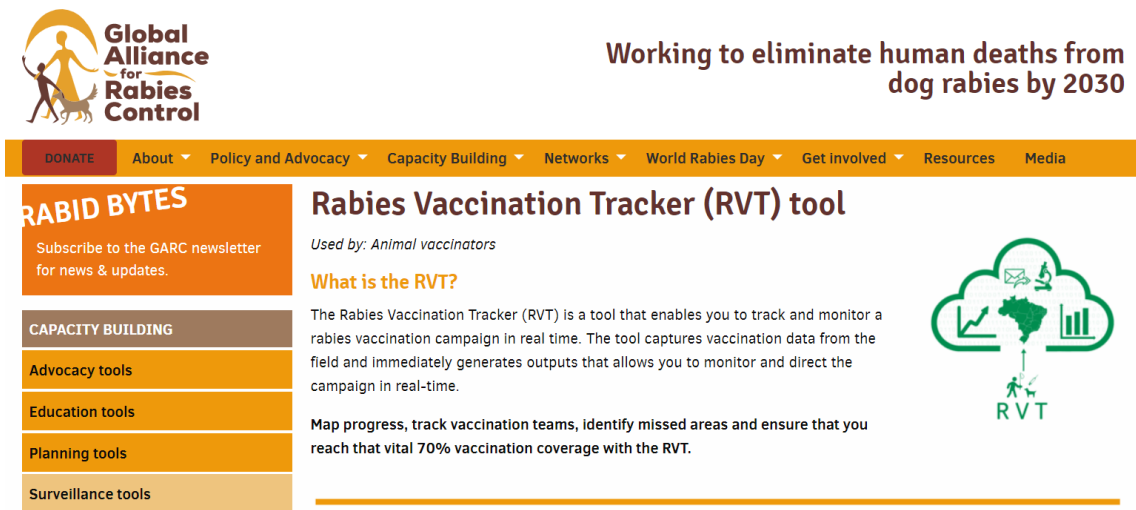

The screenshot shows the Mission Rabies website. The top navigation bar includes 'HOME', 'OUR PROJECTS', 'EDUCATION', 'THIS YEAR', 'GET INVOLVED', 'RESOURCES', 'APP', 'NEWS', 'VOLUNTEER', and 'DONATE'. The main banner features a hand holding a smartphone displaying the 'RABIES APP' interface. Below the banner, the text reads 'THE WVS DATA COLLECTION APP' and 'DATA COLLECTION'. A smaller smartphone image shows the app's main menu with options like 'Enter Data', 'Maps', 'Path Tracker', 'Review Data', 'Chat Forum', and 'Project Info'.

Kobo Toolbox (<https://www.kobotoolbox.org/>)

The Kobo Toolbox website header features the logo on the left and navigation links (ABOUT US, FEATURES, SERVICES, HOW IT WORKS, BLOG, HELP) and buttons (Sign up, Donate) on the right. The main content area has a large background image of a woman in a pink headscarf holding a tablet. The text reads: "Powerful and intuitive data collection tools to make an impact". Below this is the tagline "THE FREE & OPEN SOURCE DATA COLLECTION STANDARD" and two buttons: "Support our mission" and "Create an account".

Rabies Vaccination Tracker (<https://rabiesalliance.org/tools/surveillance-tools/rvt>)

The Rabies Vaccination Tracker (RVT) tool page features the logo of the Global Alliance for Rabies Control on the left. The main heading is "Working to eliminate human deaths from dog rabies by 2030". Below this is a navigation bar with links: DONATE, About, Policy and Advocacy, Capacity Building, Networks, World Rabies Day, Get Involved, Resources, Media. The main content area is titled "RABID BYTES" and "Rabies Vaccination Tracker (RVT) tool". It includes a section for "What is the RVT?" with a description: "The Rabies Vaccination Tracker (RVT) is a tool that enables you to track and monitor a rabies vaccination campaign in real time. The tool captures vaccination data from the field and immediately generates outputs that allows you to monitor and direct the campaign in real-time." and a "Map progress, track vaccination teams, identify missed areas and ensure that you reach that vital 70% vaccination coverage with the RVT." section. There is also a "CAPACITY BUILDING" section with sub-links for Advocacy tools, Education tools, Planning tools, and Surveillance tools. A graphic of a cloud with a map and a person is labeled "RVT".

## Monitoring, Evaluation and Impact Assessment (MEIA) Resources

*Humane Society International*

The HSI reports and published papers provide examples of how monitoring, evaluation and impact assessment (MEIA) informs our dog and cat welfare and population management work. Each report and paper is available online as a downloadable PDF. The HSI mobile applications and other useful mobile applications are listed as possible resources to help others with their data-driven programs.
